Our Inspiration

The Institution is  
A Shadow of  
ONE Person

**Late Shri R.K. Choudhary**

29th September 1929 - 11th October 2005

**The** foundation of NKPS was laid in 1985 under the guidance of Late Shri R. K. Choudhary. He has been a constant source of motivation & inspiration to make NKPS one of the most successful and credible educational bodies of its kind in the nation. With over three decades of experience in the field of education, the trust has attracted students from all over the states and abroad also.

The values & principles setup by Late Shri R.K.Choudhary will remain the driving force for all of us for achieving success and creating best educational environment.

It is under the aegis of Late Shri R. K. Choudhary, NKPS family has grown from 10 students since its inception in 1985 to a current strength of more than 4500 students. Since then NKPS has maintained high standards in academics to sports and co-curricular activities.

It's with his grace that we have been growing rapidly and aggressively, setting bench-marks in the field of education. He is the patron of this school and has provided his tutelage to four educational institutes and other social service institutions across the city.

Some of the persons become examples during their life circle. They lay foot-paths on their footsteps so that the future generation may follow their ideals. Shri RK Choudhary was one of those personalities.

The foundation stone of NKPS was laid down by him in 1985. The school is spreading like a banyan tree and his ideals are providing enormous power to this tree and fragrance of his ideology is spreading everywhere. The NKPS has acquired its roots very deep. The nature incarnates some incarnations in the world for her special aims.

The real greatness lies in a pure and simple life. His cherished dream is vividly enshrined in every faculty of NKPS, Jaipur.

This personality saw light of the day on 29th September, 1929 in Saunthali village of Jhunjhunu district and departed to heavenly abode on 11<sup>th</sup> October, 2005. He kept on nourishing the educational institutions consistently throughout his life span for the traditional values of the human society. He nurtured deep discipline in his behaviour during his tenure in the defence. He served the royal corps of the Indian Army. He witnessed many battles with neighbouring countries and was awarded many medals. He remained a symbol of courage and determination among his troops.

The family of NKPS pays their heartiest homage to him who always remained dedicated to disciplined, education and human values.

# EDUCATION

Education is a futuristic vision and continuous process which helps in achieving the ultimate goal of life. Continuous efforts are being attempted for refining and betterment of education.

The results are also encouraging and undoubtedly our joint efforts have placed the education to the highest standards of enlightenment and glory. But that is not all, as we still have a long way to go because education can be equated with "a mirage" which keeps on shifting your expectations & aspiration further and further.

Thus to conclude we may say that education is a rich blend of knowledge, self discipline, experiments and harmony.

MANAGING  
DIRECTOR

NK PUBLIC  
SCHOOL

## MY VISION

To Educate Society, first concern should be  
"how to make one social and civilized".  
This is our prime responsibility.

**Dr. N.C. Lunayach**

Managing Director

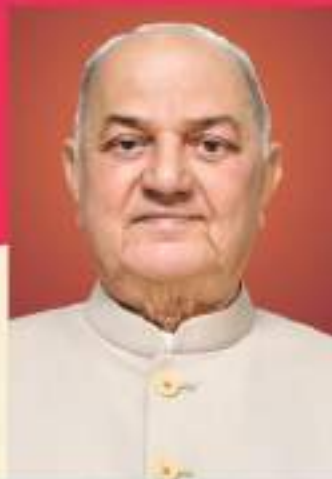

It has been observed that in the present generation knowledge is increasing whereas wisdom is diminishing. Every individual has so much extended one's body through one's control over television, computer, internet, mobile phones & other electronic machines that at times it compels us to think what it is that has happened to man. Man has become a machine & his soul seems to be stagnant. It is not growing correspondingly. There is disproportion between the growth of wisdom & the increase of knowledge.

It is said that "Vidya" gives "Viveka" and gives a sense of what is right & helps one to avoid what is wrong. Therefore students of this generation must try to find out what is required for them. So the purpose which pupils should adopt in their lives is not only to be adapted to the needs to present situation but should also focus in adopting qualities like compassion, considerateness, respectfulness, discipline which no doubt will instil great moral strength in us. Without these qualities we will only remain as Human Animals- "Nara-Pashu", not more than that.

Noble Kingdom Public School was set with this noble vision at Arya Nagar, Murlipura in 1985 & is now a renowned name not only in Jaipur but in

whole Rajasthan. The school has extended its branches at Sanganer in the year 2004 and Senior Secondary branch affiliated to C.B.S.E., New Delhi at Rajawas on Jaipur Sikar Highway in the year 2005, is another extended project of our vision committed to impart quality education with modern teaching methodology for the parents of Chomu, Jaipur & nearby districts.

Our Vision is to be the leading provider of modern teaching with maintaining highest standard. Our taste is very simple, we are easily satisfied with the best. My best wishes to you all for choosing us and giving us a chance to shape your child with our vision & mission.

## Director's Exhilaration

Holistic Development of a child is possible only with a bond of affection, care and togetherness in the teaching - learning process.

**Kuldeep Singh**  
Director

"Education is all about being a better human and a better citizen". There is no simpler way to teach children to be a better human. All we need is to teach them to be passionate, patient, considerate and value feelings of each other.

Society is in a fluidic state. It is undergoing transformation from a stable and tranquil to a vibrant and turbulent one. We as educationist have a greater role to play. The teachers of NKPS are groomed to be a mentor, a Coach and a real Guru. They are always an "Encourager" and "Motivator" to the student.

The students of today's era are technologically more advanced. They are more involved with the latest gadgets and get less time to interact socially. They have their own personal sphere where they do not want any kind of interference. We have the prime responsibility of taking out the children from

this invincible shell. We should develop such a faith and confidence in them so that they are able to share their innermost feelings.

I would like to tell the parents to lower their expectation level from their child and create such an environment at their home so that their child discusses and share his/her feelings with you.

We at NKPS believe in team work and conduct lots of activities and events throughout the academic session for the students. This improves their productivity, builds interdependence and trust, fosters problem solving skills in a collaborative manner, improves morale and leadership skills and ultimately makes them more creative.

## From The Principal's Desk

Mrs. Kavia Prema

**Shaping** young, impressionable minds is one of life's biggest challenges! Students at NK Public School are nurtured and treasured with immersive learning opportunities across disciplines, wholeheartedly dedicated to develop exceptional students who can pursue their interests and vigor and channelize their exceptional enriched knowledge in building a better world.

We are committed to the complete development of a student; this includes academic knowledge, social skills, intellectual curiosity, Physical endurance and a special emphasis on 'Self-Discovery'. We have a diverse group of students and teachers who possess a global perspective. We invest wisely in our human resources for the professional development of our staff and they, in turn, see themselves as part of the world-wide educational community. We prepare the students to persevere in facing challenges and stand erect irrespective of any risk.

Parental involvement in a child's education-process is both a gift to your child and a gift to the school. This partnership is strongly encouraged and highly valued at NKPS.

The credentials of the School speak for itself through the success of its students who left their trail on traditional as well as uncharted fields with unprecedented success in every conceivable field. Our alumni are shining in various fields like engineering, medicine, business, administration, fashion, theatre, films and the like.

We continue our ascent towards success by asking more of ourselves today, tomorrow and forever!

## Letter of Director

Mrs. Manisha Choudhary

Dear guardians,

It has been established that today's era is passing through the metamorphic phenomenal revolution in the field of academic. I believe that education can transform human being, society and intern the whole nation into a right course for the cause of development of humanity.

I believe that parents send their wards with high expectation, their wish is to see them excel in studies and extracurricular activities to unfold and enhance potentialities and develop own conviction to face challenges of today's world. So, education in real sense is the process of unfolding and nurturing of the latent talent and potential of child. I assure our genuine Guardian that me and my school family is intensively devoted & endeavors to achieve all this by providing a conducive environment of love & dedication.

# Introduction

Education can transform human beings, society and in turn the whole nation into a right course for the cause of development of humanity.

At first one has to think then analyze it & next comes the noble cause of providing education.

Noble Kingdom Public School, Grand Sikar Road, Rajawas Jaipur was started in 2005. This was the year when it was established with the motive of building purity of character & academic excellence among students & society. School got its affiliation from Central board of secondary education, New Delhi for secondary school examination in the year 2009. At present it has been upgraded to senior school level with science, commerce and Humanities streams.

It is a co-educational School, which is running in a huge, extremely beautiful and well furnished building with eco-friendly campus. In the year 2010, main branch at Murlipura, Jaipur with students strength of 3000, celebrated its silver jubilee. It has deep & abiding commitment to the cause of education and has been giving excellent results in secondary and Sr. Secondary board examinations.

- To groom their minds and personality into a confident, balanced and well integrated individuals so that they can face the worldly challenges with courage.
- To nourish and inculcate brilliant communication skills, moral values, leadership qualities and innovative thinking through education & various co-curricular activities.
- To provide curriculum through modern smart techniques & pedagogy and promote e-learning.
- To create stress free environment for education and development.

## Academic Environment

NKPS is an extended house for students. Students move around here with full of confidence, discipline and etiquette. Special emphasis is given on continuous sessional evaluation through term end examinations which cover students' curricular and co-curricular achievements. Special emphasis is given on students behavioral development in non cognitive areas, participation in other co-curricular activities, consistency in attendance, neatness, regular & e-learning home work.

# Salient Features

**No Home-Work Policy** : School doesn't give any home work to the students till class II to reduce the weight of their school bag.

**Smart Class & Online Teaching** : The concept of smart class education is indeed a blessing to the students of the 21st Century. Smart classes use all interactive modules like videos and presentations and these visually attractive methods of teaching becomes appealing to students who are already struggling with the traditional method of teaching in a classroom. We have installed two smart classes and looking forward to have more such classes as per need. Similarly we have started online teaching as well which would shatter class room teaching compulsion & be more interesting & creative for the students to open up a new era of emerging e-learning.

**Library** : The School has a well stocked library with 4000 and more books for students ranging from encyclopaedias, educational CDs and story books. The peaceful and tidy atmosphere of library is ideal for promoting the reading habits of students. It has the capacity to accommodate about 60 students at a time.

**Scout & Guide** : School provides her students opportunity to develop sense of adventure, family, fun, character, leadership and so much more. The young kids can get themselves into the middle of fun, hands-on learning and achievement that puts kids in the middle of the action and prepares them for today and for life. Our 13 young achievers have Won Prize & Recognition 13 Student have Won "Rajya Puraskar" from the Governor of Rajasthan and heading towards President's Award in next session.

**Computer Education** : As we are stepping into the era of explosion of knowledge, we have to meet challenges of technologically advanced society and keep pace with the emerging international trends. The school offers her students an opportunity to learn computer & robotics. For that school has full-fledged two computer labs with more than 70 latest computers.

# Salient Features

**Learning by Doing :** Activities related to art and culture not only help a student to deal with work related studies but also help in developing and creating problem solving approach. To create something innovative in child's mind, the school provides facilities for number of co-curricular activities, viz : Art & Craft, Music, Dance, Yoga, Karate, Rangoli, Mehandi, Exhibition, SUPW, Quiz, Rakhi making and various other activities.

**Competition :** We teach our students how to handle the adverse circumstances by arranging competitions from time to time. We teach them time management. Our students participate in outdoor as well as indoor competitions. Competitions are conducted in school time to time - Debate (English & Hindi), Poem Recitation (English & Hindi), Essay Writing Competition, Calligraphy Competition, Extempore, Rakhi Making, Card Making, Painting, Rangoli, Singing and Dancing competitions are some of the examples to mention.

**Healthcare :** "Sound body has a sound mind". The school arranges annual health check-up and compulsory vaccination by a team of qualified doctors for the students. Physical education department of the school organises AAHPERD (American Alliance for Health, Physical Education, Recreation & Dance) Youth Fitness Test for all the students from class 3<sup>rd</sup> to 12<sup>th</sup> twice a year. The school also arranges first aid program with the help of Red Cross Society and give training to students to take care of ailing or injured. School also participated in fit School program initiated by Hon'ble Prime Minister Shri Narendra Modi.

**Sanitation & Water Harvesting :** Every year school initiates SEWA project. Students of different classes participate in cleanliness drive.

**The Science of Living :** Emphasis is laid on moral and value based education backup by time-tested techniques of Meditation, Relaxation, Yoga and time management and nurture a balanced character and well-balanced integrated personality.

# School Clubs

## Chords & Strings (Music Club)

School has developed its own orchestra & dance group in which the hidden talents who have interest in music vocal, instrument playing & dance can get ample opportunities to become professional musicians & dancers. The Club students are trained in such a way that they may find career opportunities in the successful endeavor of life. Club students participate in various inter-house, inter-school & other events that are held on different occasions.

## Rustic Frost (Literary Club)

To give words to our student's imaginations, the club provides platform to the young talent to develop & hone their Literary skills and inspire them towards shaping the edges of their literary potential. The club has produced Eight different students with perfect skills who took opportunity to host and hold all the cultural and sports activities throughout the session.

## Art & Craft Club

School provides facilities to the students to develop in them feeling of national integration and sense of belongingness with the nation for searching out hidden artistic talent of students, develop their skills in art and craft, screen art and commercial art. # Clubs & Committee

## Legal Literacy Club (LLC)

As a part of social awakening about constitutional rights and duties, the Legal Literacy Clubs (LLC) has been set up in our school. The club is functioning under the aegis of Jaipur District Legal Services Authorities (DLSA) and Rajasthan State Legal Services Authorities (SLSA).

**Artsy Lens (Photography Club)**: With the motto to bring out the inner vision of students, and find out visionary talent among students Artsy Lens has been successfully functioning in the school.

**POCSO (Protection of Children from Sexual Offence) Committee**: The committee ensures safety measures to kids specially girl children from physical and sexual harassment. Committee has fixed 'Complaint Drop box' where a student facing any troublesome situation or harassment can directly or indirectly place complaint against a wrong doer. Various seminars are conducted throughout the year to sensitize the children.

## Glimpses

# Child Centered Approach

**Healthy & Enchanting Assembly :** The day of our scholars begin with morning prayer, thought of the day, speech and yoga activities so that the young minds can be pre installed with the thought to learn with healthy body and full intellectual presence during the 6 hours of studies.

**Parents-Teacher Meet :** Parent teacher interaction also plays an important role in the development of a child. It enables us to discuss the performance of the child not only in the school but also in the society around him or her. As per the format of term end exams there are four parent-teacher interactions during the session. Parents can also come and meet teachers on any Saturday after the school is over. Management Committee of the school also interacts with the parents and invites their suggestions.

## Teachers are Expected to:

1. Create a healthy and stress free atmosphere among students.
2. Understand the role of public school in a democracy and their own role in preparing their students to become good citizen in democracy.
3. Understand the child and their adolescent development, the motivational nature of learning and the productive nature of knowledge.
4. To act as role models and to keep them updated about the latest development in pedagogy.

# Child Centered Approach

"For us, Every Child Matters & Every Moment Counts"

The dominant characteristic of learning at NKPS is a passionate, interactive process in which children are allowed to explore and evolve, while the school is committed to the creation of such an environment. It believes that learning is incomplete without a parent's commitment to the same ideals. This is a very sacred mission, the foundation on which we are embarking to make the wonder years of a child joyous and enriching in its widest sense.

## Student - Teacher Interaction

The school faculty is appointed carefully and in-service professional development is undertaken. Every teacher here plays various roles of a parent, friend, mentor, guide and philosopher for the child. Hence there is a team of well trained, experienced, motivated, result oriented and affectionate teachers who understand Child psychology to interact in such a way as to ensure child's all round development.

# GAMES

**Games and Sports :** The students of N K Public School have shown excellent talent in multiple number of games & sports. Many of the sports prodigies have brought laurels to school at times. In order to bring out talent of sportsmanship in students inter house games and sports are organised as per schedule of the school calendar. Through these multi activities, students talent is explored and they are prepared accordingly for participation at cluster, regional and national level games and sports. Apart from this school has necessary infrastructure for children of all age

groups for their physical development with specialised coaches in Volleyball, Kho-Kho, Basketball, Kabaddi & Karate. The school has numbers of well set indoor games such as Table Tennis, Chess, Carrom for all round development of students.

Every year school holds Annual Sports Meet "Chakravayuh" in which all students from Classes Nursery to XII get ample opportunities to participate in number of games such as Spoon Race, Sack Race, Caterpillar Race, Hurdle Race, Long Jump, High Jump, Relay Race, Court Games etc. We provide throughout the session special training of Karate.

# SCHOOL campus

## Eco-Friendly Campus :

NKPS offers a pollution free, eco friendly environment with a state of art infrastructure. It has spacious well ventilated classrooms, hygienic and favourable surroundings, earthquake resistant building structure, safe, cold and pure drinking water by branded water purifier. School also has the facility of labs for practical in Physics, Chemistry, Biology, Biotechnology, Drawing, Geography, Maths, Science and Computers with all required aids and equipment. The school is fully equipped with smart classes and modern facilities. School has a newly constructed Auditorium which can accommodate 1500 students. It has a covered assembly hall which can accommodate 2000 students.

**Medium :** Medium of instruction adopted by school is purely English, however, due importance is also given to Hindi which is our national language.

**Co-Education :** Social and psychological adjustment between boys and girls are of prime importance in the contemporary world, hence the school has opted for co- education.

# Expectations

Parents are expected to co-operate with the school authorities for all round development of their ward. They are requested to :

- Maintain regular contact with school either through diary or personal presence at times.
